Flower Seeds

During the past year our perennial flower seed business has again increased in many ways. We have

- (1) More satisfied customers
- (2) Greater number of varieties
- (3) Larger volume

Quality alone is responsible for this as we have no salesmen and our advertising budget is very modest. We pass the very considerable saving on to you.

New customers would not be requesting our catalog and ordering but for the recommendations of old customers.

The number of prime producers or growers of fine flower seed is very limited in our country as well as overseas. These growers furnish us their best seed. You have only to try our seed to satisfy yourself.

They can be brought to flower quickly for early pot sales. Their usefulness as specimen plants is outstanding. Their uniform habit makes them delightful border subjects. Their solid, profuse flowering habit establishes them as wonderful for bedding.
